

Dear Sisters,

In this Easter context in which we want to set our eyes and hearts fixed on Jesus, light, peace and hope for the world, we greet each one of you with affection.

We thank you immensely! for welcoming the recently proposed Congregational Path. The echoes received from the sisters express enthusiasm and the desire to make it an opportunity for renewal for each one and for the Congregation as a whole. We are also helped by the suggestions and concerns expressed as they invite us to deepen this search for new paths.

The materials presented at the meeting on 26 March are available to everyone and can be found in a folder that can be accessed via Gmail at this link:
