Dear sisters,

In the context of Thanksgiving for the life and mission of María Antonia París, we continue to take sure steps on the Congregational Path towards the immense Deep Sea of our life. For this we enclose the materials of this stage of human-spiritual deepening around self-knowledge, the evolutionary stages of life and self-esteem.

The written material and the motivational video have been produced by Marino Buendía Noguera, 62 years old, married, father of two children. Doctor in Ancient History. Diploma in Theology. Graduate in Natural Therapies, specialising in Kinesiology. Tutor of the Master Degree in Pedagogy at the University of Valencia for several years. For more than 25 years he has been accompanying different people in their integral development.

The desire is that each sister can approach the material in depth and make it an opportunity to continue to know herself and to respond to God's plan for her.

Moreover, as it was said during the meeting of June 4, we send you the chronogram of the Congregational Path so that all of us can keep in mind the stages foreseen in this first year.

We place our Path in the Lord's hands, accompanied by our Mother Foundress and we pray together: "My God, Triune and One, Father, Son and Holy Spirit; I beg you to enlighten me with your infinite Wisdom, so that I may know you, know me, and know also all that you want me to do, to serve and love you with all the perfection that is possible in this life with your divine favour; ...

...teach me, my God, all that is appropriate for the whole family that you have given me, deign to enlighten us all so that we may be docile, and not resist your divine inspirations and most holy Will..."

Happy Birthday of María Antonia París!!!
